Strong Foundation: Building Success with Top notch Drillis

Our geotechnical drilling machines and tools are designed to meet your specific needs and help you achieve your project goals. With our advanced equipment and expertise, we can assist you in performing drilling operations for soil testing, site investigation, and mineral exploration.

Our geotechnical drilling machines and tools are built with cutting-edge technology and high-quality materials to ensure maximum performance, reliability, and durability. Our geotechnical drilling machines and tools are tailored to suit your needs.

Products we Offer

»» **Geotechnical Diamond Products**

»» **Wirelines Products**

»» **Rods & Casings**

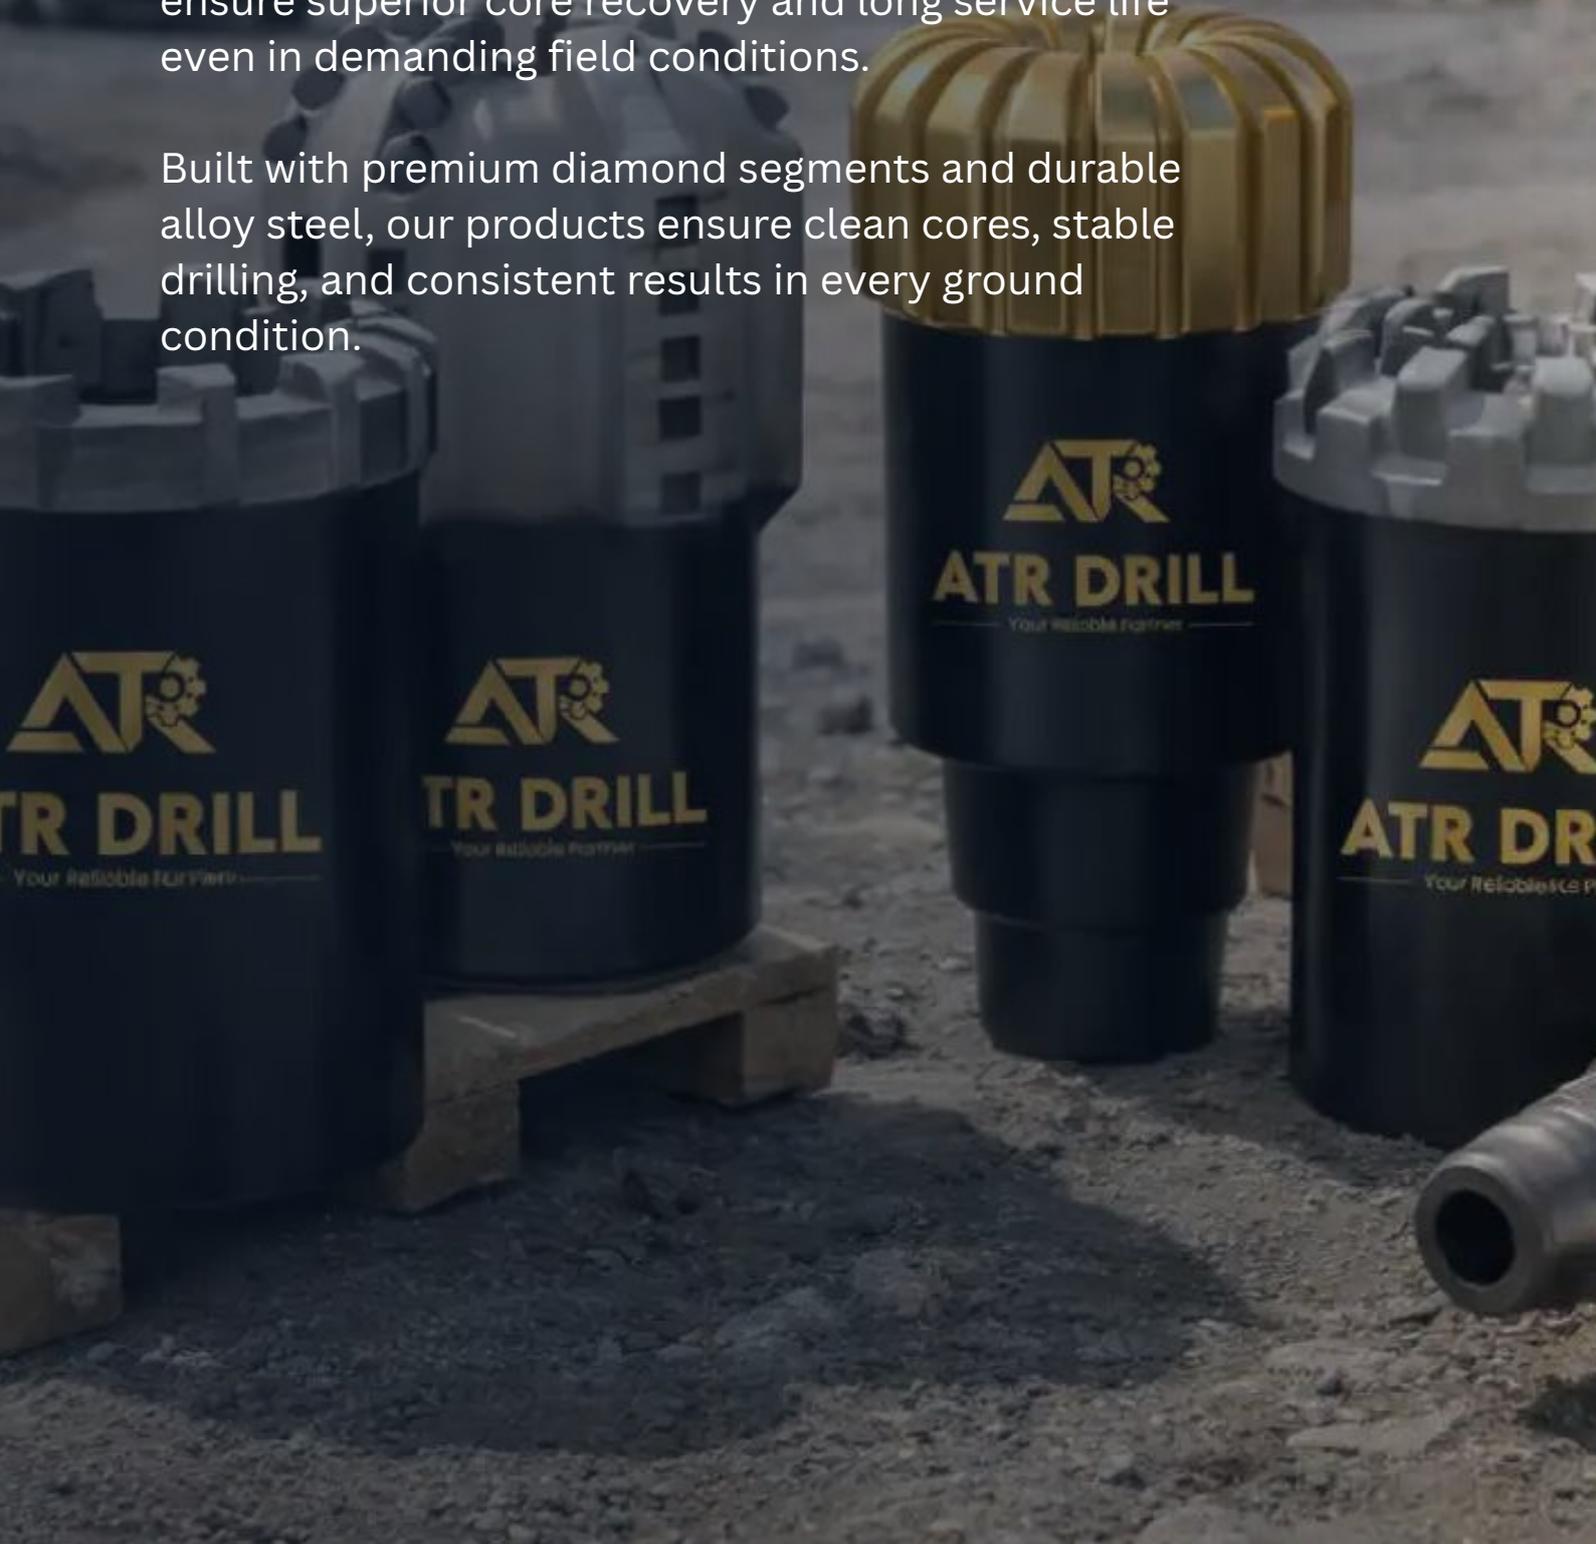

»» **Geotechnical Drilling Rigs**

GEOTECHNICAL DIAMOND PRODUCTS

Our Geotechnical Diamond Products are engineered for accurate core sampling, smooth cutting, and reliable drilling performance across all soil and rock formations. Designed for geotechnical investigation, foundation analysis, and exploration work, these tools ensure superior core recovery and long service life even in demanding field conditions.

Built with premium diamond segments and durable alloy steel, our products ensure clean cores, stable drilling, and consistent results in every ground condition.

GEOTECHNICAL DIAMOND PRODUCTS

**Diamond Core
standard bits**

Surface drilling bits

GEOTECHNICAL DIAMOND PRODUCTS

Impregnated drilling
bits

Casing shoes

GEOTECHNICAL DIAMOND PRODUCTS

Surface drilling bits

TRICON BITS

»» Carbide Tooth Tricon Bits

»» Steel Tooth Tricon Bits

»» PDC Bits

»» Drag Bit

»» Single Cone Bits

GEOTECHNICAL WIRELINES PRODUCTS

Our Geotechnical Wireline Products are engineered for fast, safe, and accurate core recovery during drilling operations. Designed for deep geotechnical, exploration, and environmental drilling projects, these tools improve efficiency, reduce downtime, and ensure smooth core retrieval in all ground conditions.

Our wireline systems ensure faster core retrieval and reliable drilling efficiency for both shallow and deep investigations.

GEOTECHNICAL WIRELINES PRODUCTS

»» Core Barrels

»» Subs and Adapters

GEOTECHNICAL WIRELINES PRODUCTS

» Water Swivel and Hoisting Plugs

» Wrenches

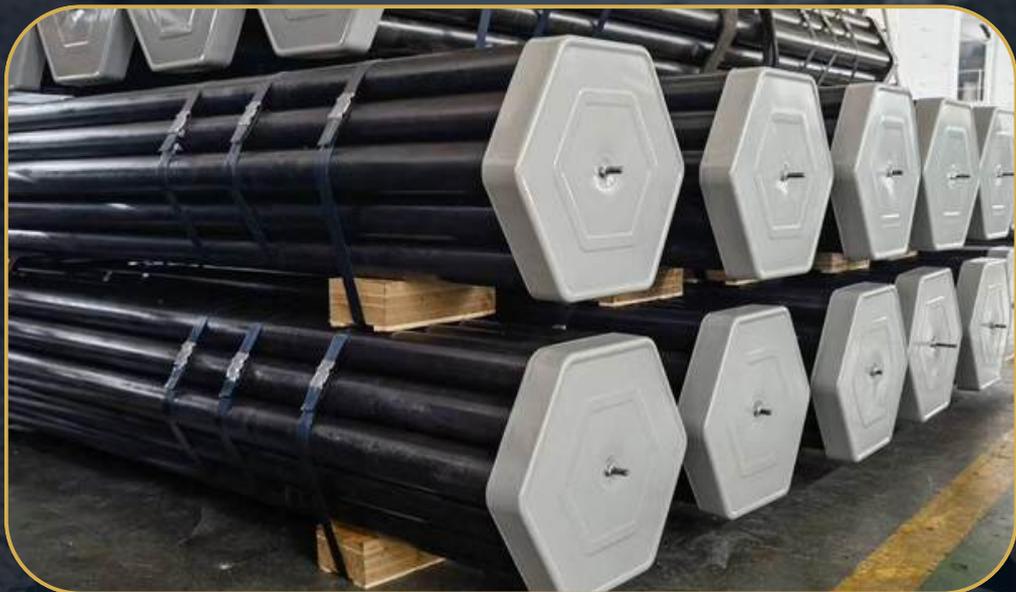

» Overshot and Recovery tools

GEOTECHNICAL RODS & CASINGS

Our Geotechnical Rods and Casings are engineered for strong, stable, and reliable drilling performance in all ground conditions. Designed to support soil investigation, foundation testing, and environmental drilling, these rods ensure smooth connections, accurate drilling, and long-lasting durability for professional geotechnical operations.

GEOTECHNICAL RODS & CASINGS

»» Core Drilling Rods

»» Geotechnical Casing

GEO TECHNICAL DRILLING RIGS
